Hi Penny,

Just a few comments about signage :

Coming from Yarmouth, via the area known as Indian Fields, there are no signs indicating we are entering either The Municipality of Shelburne or Shelburne County. There is a huge stretch of “nothingest” until one reaches the Lonesome Hunter Road sign.

I would suggest it would be nice to have some signage at the beginning of our county. If help were needed by a travelling individual, this would at least be a landmark to go by.

As well, in the past the municipality installed a sign stating Middle/Upper Ohio Fire District. It would be nice to have this sign displayed as well when entering Indian Fields from Yarmouth.

I thank you in advance for your kind attention to this matter.

D. Holmes,
Chief,
Middle/Upper Ohio Fire Department
